# Pedagogical concept

- Content-related standards of the regular primary school
- Objective of our school is to bring pupils back into regular schools
- ELDiB (developmental and educational form) as a diagnostic instrument and base for the individual education plans
- EPU – can be translated as „developmental teaching“
- Teaching teams (two teachers at the same time in class)
- full-day school

# Relationships...

... among pupils...

... between pupils and teachers...

... between families and school...

... among staff...

... and of the whole school community...

...are the foundation of our work!

Let's go and improve them!
