

All schools present best practise examples to the other schools.

Results:

- Analysis and evaluation of the own school programme / activities
- Becoming aware of the own working quality
- Improving self confidence of teachers by presenting successful work and getting professional feedback
- Presentations of well working activities which improve relationships, collected on the blog: <https://all-together-blog.eu/>

All schools choose out of the presentations one or more aspects to adaption and implementation for the own school.

Results:

- Engagement with and development of the own school programme
- Enhancement of the own pool of ideas of each individual teacher concerning relationship strengthening activities

All schools work with pupils, staff and parents and find a way of implementation.

Results:

- A lot of great activities which strengthen relationships
- ✓ **Improving relationships by sharing intensive experiences**
- Collection of good ideas on the blog: <https://all-together-blog.eu/>
- Brochure "All together" with collected activities for dissemination to professional audience
- Discussions about enduring implementation of some activities in future school life
- ✓ **School development**

Way of inspiration

All schools present the implementation of adapted ideas.

Results:

- Experience of the possibility of change and development; getting new inspiration
- Presentations with carrying on ideas, collected on the blog: <https://all-together-blog.eu/>
- Improving self confidence of teachers by presenting successful work and getting professional feedback

Repeating the methodology of work for each aspect of relationships

Results:

- Practising the way of inspiration and becoming certain about being able to use it
- Schools have learned a new way of inspiring each other and can bring it to their regional networks.
- ✓ **structural result**
